

Gabrielson Elected National GOP Leader

Gets 52 Votes As Axel Beck Tallies 47

Washington, Aug. 4.—(AP)—Guy George Gabrielson, 58-year-old New Jersey lawyer-industrialist, was elected chairman of the Republican National committee today by a bare majority after a stiff all day battle.

The vote was 52 for Gabrielson to 47 for Axel J. Beck, farmer-lawyer of South Dakota, and one for A. T. (Bert) Howard, Nebraska state chairman and Scotts Bluff real estate operator.

There were 102 members present or represented by proxy and the committee counsel had ruled that 52 votes were needed to win. Only 100 votes were cast because Gabrielson and Beck, both committed from their states, passed. Howard is not a member of the committee.

Succeeds Hugh Scott
Gabrielson succeeds Rep. Hugh Scott of Pennsylvania, a Thomas E. Dewey selection who bowed to demands that he quit in the interest of party harmony after serving only a little more than a year of a four-year term. The post carries no salary.

Gabrielson was a 1948 supporter of Senator Taft of Ohio for the presidential nomination.

Abel V. Shotwell of Nebraska, who had voted for Howard, switched his vote before the result was announced to put Gabrielson over. Then the usual motion to make the election unanimous was made by Mrs. Roy F. Priest, Utah, who had voted for Beck, and it carried.

Most of the members who voted to oust Scott at Omaha last January, but failed 50 to 44, backed Gabrielson. But Sweden-born Beck, a newcomer to the committee, drew surprising support from those wanting a westerner and from some eastern and southern opponents of Gabrielson.

Would Promote Disension
Some committee men had predicted that today's decision would be "Omaha all over again" because of the closeness of the vote. They figured it would promote the same disension as that which beset Scott.

But B. L. Noojin of Alabama commented: "That was not an Omaha. That was an ouster move out there. This was a decision to elect."

Gabrielson took the floor after his election and pledged he would be a "comparatively impartial chairman."

He said from now on there will be no factions or groups in the party. Any and all candidates will be welcomed to use the committee machinery, he added.

Gabrielson's opposition concentrated its support behind Beck after a futile last minute move to get Rep. Charles Halleck of Indiana to run. A recess was taken while the maneuvers progressed. Word came back to the meeting that Halleck would not take it unless Gabrielson got out of the race and he (Halleck) was assured a virtual unanimous vote. Gabrielson refused.

To Publish Paper On America's Role In China Affairs

Washington, Aug. 4.—(AP)—President Truman announced today that the State department will publish tomorrow a "frank and factual record" of American relations with China.

America's role in China has been "subject to considerable misrepresentation, distortion and misunderstanding," he said. He expressed hope that publication of the white paper will provide a new basis for an "informed and intelligent public opinion" on the whole situation.

Mr. Truman issued his China statement at a news conference. Shortly afterward the State department distributed for publication at 9 a. m. Central standard time tomorrow a thick volume dealing with the whole history of American-Chinese relations over more than a century, which culminated in communist conquest of much of China.

U. S. Military Chiefs Report Success So Far

Paris, Aug. 4.—(AP)—The American chiefs of staff reported today they have reached complete agreement with European leaders approaching thus far on defense lines to be laid out in Atlantic pact nations.

They hopped over to Paris from London this afternoon.

In London they met with army, navy and air force heads of Britain, Norway and Denmark.

In Paris and at Fontainebleau they will meet for two more days with similar leaders of France, Holland, Belgium and Portugal, and Britain's Viscount Marshall Montgomery.

They already have visited Germany, and on Sunday will leave for Vienna.

All three Americans were optimistic. Adm. Louis E. Denfeld, chief of naval operations, told a news conference they are in complete understanding with the British, Norwegians and Danes on mutual defense measures to be undertaken.

As spokesmen in London for the three, he said the defense setup might be functioning by the end of this year "because I felt we were getting along so well it would not be too tough to work out an organization by that time. But it is a guess," he added.

Denfeld told the London News conference the final forming of the organization would be done at a future high-level meeting on the basis of the current talks. He said the Americans had not come over with a ready-made plan but to exchange views and that was going most satisfactorily.

Gen. Omar N. Bradley of the army, and Gen. Hoyt S. Vandenberg, air chief, answered questions about the atom bomb.

The first was whether the United States would be dropping bombs while the western European powers were holding the line with ground forces.

"That refers to my statement before the House Foreign Affairs committee in Washington," Bradley said. "In those discussions we have had to present some assumed use of collective defense. In such an assumed situation we would have to do the strategic bombing while other nations closer to the center of emergency would provide, initially, the other forces."

Will Not Accept Eleanor's Resignation From U. N. Post

Washington, Aug. 4.—(AP)—President Truman said today Mrs. Franklin D. Roosevelt has made her annual routine offer to resign from her United Nations position but he isn't going to accept it.

The widow of Franklin D. Roosevelt is one of the U. S. delegates to the United Nations General assembly. She is also a member of the U. N. Human Rights commission.

The subject came up at Mr. Truman's news conference when a reporter asked if it was true that Mrs. Roosevelt had offered to resign because of the current talks. He said she had not.

Mr. Truman, replying to the question, said Mrs. Roosevelt every year offers to resign but because—she thinks the president ought to have a free hand to appoint anyone he wants to.

Mr. Truman said her offer this year came at the usual time, and she expressed no reason for it.

Questioned further, the president said Mrs. Roosevelt is going back to the next United Nations assembly in her same job.

The next general assembly will be sometime in the fall.

Francis Cardinal Spellman of New York City.

The Roman Catholic cardinal criticized Mrs. Roosevelt after she had opposed federal aid for church-operated schools. He said her "record of anti-catholicism" is "unworthy of an American mother."

She replied that she has no bias against the Catholic church and that God is the final judge of the worthiness of all human beings.

This exchange created considerable tension within the Democratic party of New York state.

Truman Doesn't Want Blank Check For Aid

Senate Knocks Spanish Loan From ERP Aid Bill

Washington, Aug. 4.—(AP)—The senate knocked a proposed \$50,000,000 loan to Spain out of the foreign aid bill today and rolled with increasing speed toward a final vote on the \$5,647,724,000 measure.

The Spanish loan amendment, proposed by Senator McCarran (D-Nev.), was ruled out or order by Vice-President Barkley. When McCarran appealed, the senate upheld its presiding officer's decision, 55 to 36.

Barkley held that the amendment was an effort to write new legislation into an appropriation bill. This is forbidden by senate rules. He also said it would violate the terms of the economic cooperation administration act to admit Spain into the recovery program, because she has not adhered to the basic requirements of that law.

The big appropriation bill, which had encountered exceptionally bumpy going in the senate until today, carries funds for Marshall plan aid under the ECA, government and relief in occupied areas, and economic assistance for Turkey and Greece.

One major threat to the bill was removed when Senator McClellan (D-Ark.) said he would not raise a point or order against the whole bill as he did last week, his action then sent the measure back to the appropriations committee.

The Arkansas senator said he realized that he could accomplish nothing by raising a second point of order and that he would make no further fight. However, he said that if future appropriation bills contain legislation, he expects to challenge them.

Still Asks 1.45 Billion For Arms Aid

Washington, Aug. 4.—(AP)—President Truman said today he doesn't care if Congress fails to give him blank-check power to arm any foreign countries he pleases. But he opposed any compromise on the amount requested—\$1,450,000,000. And he asked for speedy action.

Replying to reporters' questions at news conference, the president also:

1. Said Mrs. Eleanor Roosevelt has made her annual courtesy offer to resign as a member of the U. S. delegation to the United Nations, but that he's not going to accept it.

2. Announced that the state department will publish tomorrow a big volume on U. S. relations with China. He said the aim is to insure that our Far Eastern policy shall be based on an informed public opinion, and to clear up "misrepresentation, distortion, and misunderstanding" concerning America's past policies in China.

3. Said it will be at least the next session of congress before anything is done about repealing the wartime excise taxes on things like theater admissions, luggage, and telephone service) because the subject will require a great deal of study by experts.

4. Smilingly remarked that all he knows about any improvement in the economic situation is what he reads in the papers. But he added that even the Wall Street Journal says there has been an improvement.

Denies Knowing Hunt
5. Denied knowing James V. Hunt, who has been mentioned in a senate investigation of "five percenters" (people who help other people get government contracts), and denied receiving any match folders from Hunt. Mr. Truman made the denials after being told that Hunt bought from a St. Louis match firm 2,500 match folders inscribed "Swiped from Harry S. Truman."

Here is what the president said about the \$1,450,000,000 foreign arms bill which is before the House foreign affairs committee and which has run into determined opposition.

A reporter asked if he would accept any compromise.

The president replied that the bill ought to be passed in the manner it was sent to congress, except for legislative changes that would make it easier to get through, and that it ought to be passed as quickly as possible.

He was then asked if he would insist on blank-check powers. This was a reference to Section 3 of the bill, which in effect says the president can help any nation he chooses, so long as he thinks this would benefit the U. S. in the long run.

Mr. Truman replied: "I don't care anything about blank-check power. He added that he doesn't particularly care whether that portion remains in the bill, and that all he wants is that the European pact countries be properly taken care of."

The 12 Atlantic pact countries, most of which are in Europe, are: United States, Canada, Britain, France, Belgium, The Netherlands, Luxembourg, Denmark, Norway, Italy, Portugal, and Iceland.

A reporter asked specifically if the president wanted the \$1,450,000,000 amount to stay the same. The president said yes.

Bureau Of Mines Sets Up New Unit To Inspect Roofs

Washington, Aug. 4.—(AP)—The Bureau of Mines today set up a new unit to fight the number one killer in the nation's coal mines—falling rock and coal.

James Boyd, bureau director, said Edward M. Thomas, a bureau employee since 1936, will head a roof control section in the bureau's health and safety division at College Park, Md.

The section will function also in division stations at Jellico, Tenn.; Norton, Va.; Mt. Hope and Fairmount, W. Va.; Vincennes, Ind.; Denver, Colo.; and Pittsburgh, Johnstown and Wilkes-Barre, Pa.

"During the past 20 years six times as many coal miners have been killed by falling rock and coal as by all explosions, major and minor," Boyd said in a statement.

Steel Mill Closes As Union Protests Death Of Worker

Gary, Ind., Aug. 4.—(AP)—U. S. Steel corporation's Gary Sheet and Tin Mill was shut down today by a walkout of CIO United Steelworkers, protesting a worker's death in a plant accident.

The plant, operated by the Carnegie-Illinois Steel corporation, a U. S. Steel subsidiary, employs 7,600 workers.

Orval J. Kincaid, the union's sub-district director, charged the death yesterday of John Austin, 58, "was brought about by a speedup condition created by the company."

Austin, a supervisor in the plant's coal reduction department was crushed by an 11-ton steel coil which toppled off an inter-plant railroad car.

Kincaid called the walkout a "memorial" for Austin. He said the workers would return to their jobs at midnight Saturday. Austin's funeral will be held that afternoon.

A company spokesman termed the work stoppage a "wildcat strike" and a "breach of contract" by the union. He said the union's contract provides an orderly procedure for the investigation of such accidents.

Small pieces of dry ice are applied directly to the pustules for three to five seconds. If the elevated blemishes are numerous, a large piece of the super-cooled ice can be applied to a bigger area.

Within a few hours the pustules begin blistering. This is followed by drying and general shrinkage of the treated pustules. If the lesions are deep, the doctors added, several such treatments may be necessary.

The report was made by Drs. Carroll S. Wright and E. R. Gross in the Archives of Dermatology and Syphilology.

Cop With Broken Back Outshoots, Outfights Bandit

New York, Aug. 4.—(AP)—An off-duty rookie cop, his back broken and held in a steel brace, outshot a hale and hearty armed bandit tonight and then pounded him into submission with his fists.

Traffic was tied up and passersby dropped to the pavement to escape bullets than whined along crowded Bronx streets during a savage, running battle.

When 27-year-old Patrolman John Powers was through with him, the fleeing gunman was hospitalized with a bullet-pierced jaw and a badly beaten body.

The gunman, who police said tried to hold up a liquor store, identified himself as Frank White, 27, a Highland Falls, N. Y., jewelry store owner.

Powers, off duty and waiting for a bus, spotted White, who was running. Powers dodged a shot fired at him when she started after the man. The patrolman and the gunman exchanged four shots before a bullet crushed the bandit's jaw.

The policeman finally overtook the wounded gunman. When the latter refused to drop his gun, Powers beat the bandit into submission.

More Than Million Have Attended RR Fair At Chicago

Chicago, Aug. 4.—(AP)—Attendance at the Chicago Railroad fair passed the million mark today.

Mrs. R. Wright Armstrong, Fort Worth, Tex., housewife, the millionth 1949 visitor, was presented with a golden spike and a television set.

She requested that the television set be presented to some Chicago orphanage.

The visitor was greeted officially at the fair gates by Wayne A. Johnston, the fair's treasurer and president of the Illinois Central railroad; Maj. Lenox Lohr, the fair's president; and R. A. Graver, vice president of the Admiral corporation, radio and television firm.

The fair, sponsored by the nation's railroads, depicts advances made since the early days of railroad transportation.

Sponsors predict last year's attendance mark of 2,500,000 will be topped before the season ends two months hence.

Man Barricades Self In Washroom; Killed By Police

Chicago, Aug. 4.—(AP)—A trigger-happy gunman tried to shoot it out with more than 50 heavily armed policemen today, but was cut to ribbons in a hail of lead after wounding three officers.

Edward Shumak, 22, was struck in the head and chest by the combined fire from machine guns, rifles and pistols. The end of the 20-minute pitched battle came when he poked his face out of a washroom doorway near the Railway Express baggage room in the Northwestern railroad station where he had barricaded himself.

"He practically did a handstand backwards when that burst hit him," was the grim remark of Detective Emil Smicklas, who fired a machine gun.

Minutes earlier, Shumak had been firing defiantly from the washroom. One of his shots struck Policeman John Mueller, 26, in the forehead. Two others hit Policeman George F. Lunt, 48, in the right side and arm.

Although the washroom was thick with tear gas fired in and more than 25 machine gun bullets had torn through the door, the gunman refused to surrender.

Ingrid Bergman To Divorce Hubby And Quit Pictures

Rome, Friday, Aug. 5.—(AP)—Ingrid Bergman announced today she will divorce her husband, Dr. Peter Lindstrom, and retire from pictures.

The announcement did not mention Miss Bergman's Italian director, Roberto Rossellini, 43. However, well informed sources close to the Swedish actress said she intends to marry Rossellini after her divorce from Lindstrom.

Deep personal torment was revealed in Miss Bergman's typewritten statement which was handed to reporters shortly after midnight by her personal representative, Joseph Steele. She said:

"It was my desire not to make any declaration until the conclusion of the picture I am now making ('After the Storm')."

"But persistent malicious gossip that has even reached the point where I am made to appear as a prisoner has obliged me to break my silence and demonstrate my free will."

"I have instructed my lawyer to start divorce proceedings immediately. Also, with the conclusion of my present picture, it is my intention to retire into private life."

The beautiful actress, often called the world's greatest film star, has told close friends she is "fed up with being in the public eye."

Czech Government Reports Arresting Several Priests

Prague, Czechoslovakia Aug. 4.—(AP)—Catholic authorities reported several new arrests of priests here today as the controlled Czechoslovak press thundered threats of further treason trials against the clergy.

Reports from Rome also told of new fights between police and Slovak Catholics seeking to protect their parish priests from arrest. A Vatican source said in one such clash police fired on the people, killing one and wounding many others.

Stevenson Still Hasn't Considered 146 Illinois Bills

Springfield, Ill., Aug. 4.—(AP)—The chairman of the Illinois Veterans Commission said today that a recent reduction in the number of commission branch offices will not mean a cut in assistance to former servicemen.

Chairman James P. Rinkley said "experience we have gained in past operation will enable us to effect many economies without curtailing services to veterans one whit."

Rinkley conceded that some servicemen will have to travel farther to reach a commission office. The reduction in branch offices was ordered after the legislature pared the commission's operating budget. It drew criticism in some quarters.

Previously, the IVC had one office in each downstate county and 15 in Chicago and Cook county. Now one Cook county office has been closed and the 101 downstate merged into 53.

Among those awaiting final action are bills to set up property assessment supervisors in all downstate counties except St. Clair and appropriate \$662,000 for their salaries.

Others in the pile would put a floor under retail cigarette prices, provide heavier fines for overweight truck violations and boost the annual driver's license fee from 50 cents to \$1.

Stevenson is expected to okay the assessment supervisor measure despite opposition by the Illinois association of county supervisors. An association official has urged members to fight the bill if it becomes law by refusing the proposed new officer and expense money.

The governor signed 40 bills today including a series of four housing bills applying mainly to Chicago.

Robeson Pickets The White House

Washington, Aug. 4.—(AP)—Paul Robeson, negro singer, picketed the White House today along with about 100 other persons who bore placards calling on President Truman to "end discrimination at the Bureau of Engraving."

Robeson, who has repeatedly criticized the American government and praised Russia, carried a sign: "Mr. Truman take Jim Crow off the American dollar."

The uneventful demonstration was sponsored by a group calling itself The Citizens Committee to End Discrimination at the Bureau of Engraving where many wartime employees face competitive civil service examinations in order to hold their jobs.

This Week's Polio Cases Double Those Of Last Week

Springfield, Ill., Aug. 4.—(AP)—Illinois polio cases are running two to one over a week ago.

The total recorded since Monday by the State health department is 177, compared with 89 for the first four days of last week.

The number of deaths also is creeping upward and now stands at 27 to date this year, the department said. Unofficial figures place the death toll at 102.

Only 30 of the 102 counties have not reported any cases and the list is dwindling each day. Among the polio-free counties are eight strung out along the Mississippi river, seven in far southern Illinois, nine in the central section and three in the north-central region.

Forty-three new authorities were reported to state agencies today—second to the 73 yesterday for the highest daily total. DeKalb, Massac and Moultrie counties had their first outbreaks this year.

In the state, the case load has climbed to 522, four times higher than a year ago at this time.

Six new cases in Marion county boosted its total to 79 this year. Forty of them have occurred in the central area.

Polio—quarantined Springfield added two cases—a 10 year old girl and an 11 months old boy—raising its number to 28 including five deaths.

EVERY CITIZENS' DUTY

A cleanup campaign has been set into motion to protect Jacksonville from diseases which are spawned in filth or which are spread by unsanitary conditions. Breeding places of flies and mosquitoes will be the chief targets in the campaign. By removing these health hazards it is hoped that Jacksonville can ward off late summer epidemics which have struck hard at many Illinois communities, resulting in illness, death and rigid quarantine measures.

Everyone has an interest in this fight to make Jacksonville safer from disease. Every property owner, every tenant, should get busy at once and put their premises into first class, sanitary condition. Nothing will be gained by waiting until Sunday to do this important work—the quicker, the better.

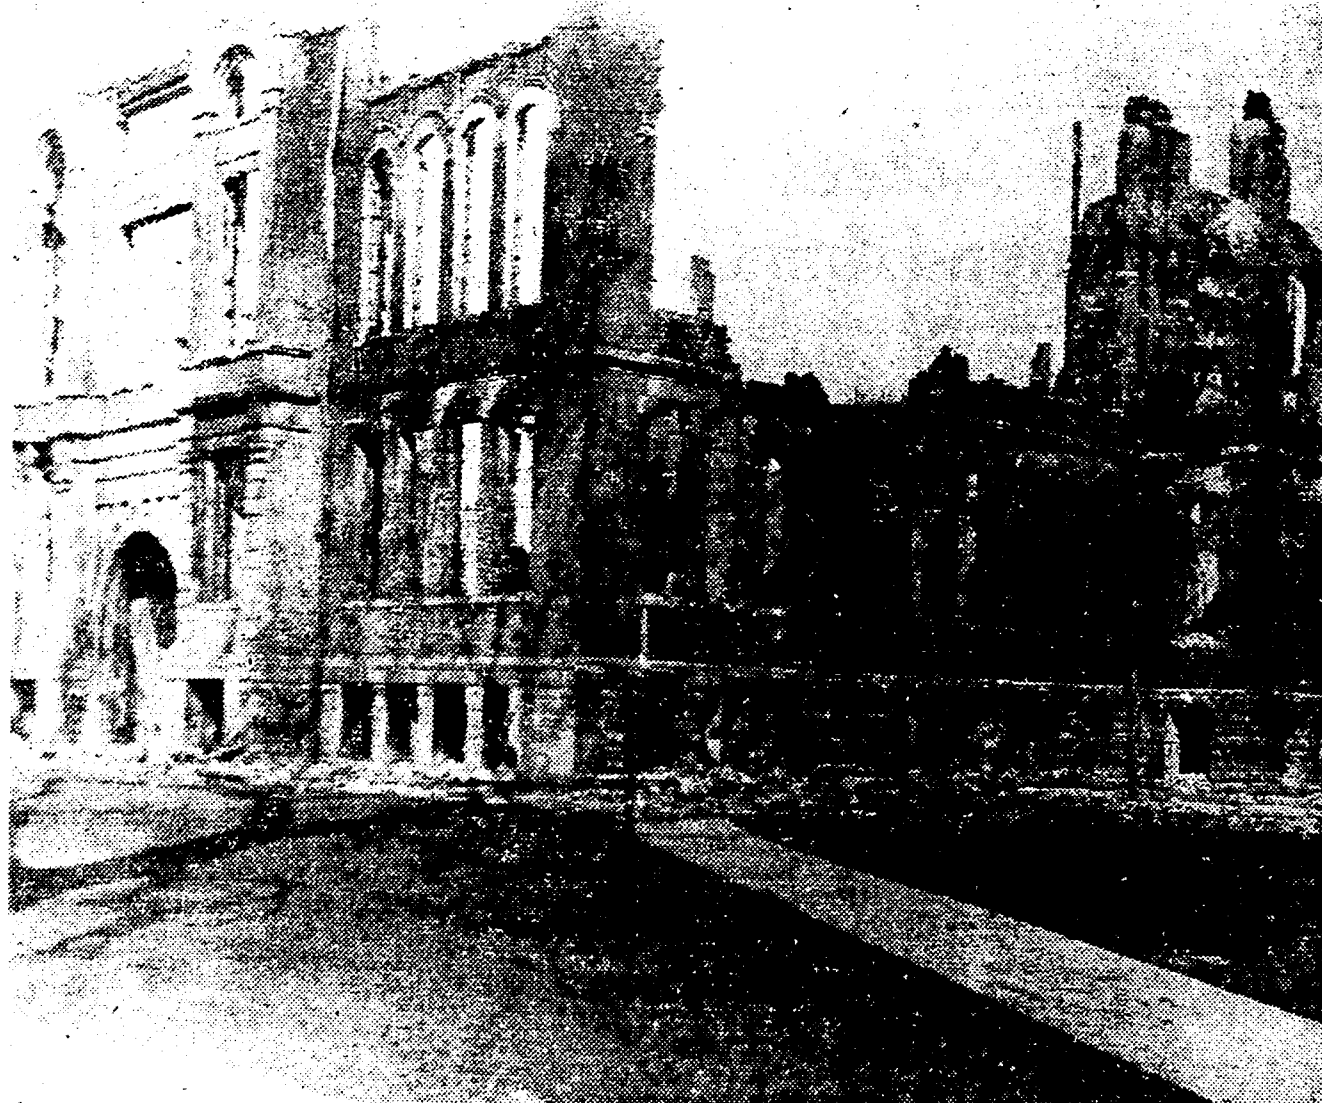

A campaign of this kind cannot be effective unless the entire community does its part. Rubbish piles, weed patches, dirty garbage containers are an invitation to disease. From a standpoint of common decency, it is the civic duty of all to clean up their property.

Campaigns involving the concerted efforts of the public are staged for various purposes for the public good. Fire prevention campaigns are carried on annually. Safety crusades are sponsored by many organizations. How many fires or how many accidents these public movements avert can be measured only in the reduced rate of fires or accidents. It is impossible to point to any one spot, or any one individual, and say that a safety campaign prevented something dire from happening.

At a time when communities are threatened by polio and other diseases, the sensible thing to do is remove hazards—just as in a fire prevention campaign. No one knows the exact locality where illness may strike, but freedom from hazards gives a community a better chance to escape it.

The local situation does not call for panic, but for practical application of the rules of sanitation. Don't wait until Sunday to free your premises of any contamination, filth, or other conditions which could be regarded as unhealthy.

It Happened Thirty-One Years Ago

Although it happened 31 years ago, many local citizens can remember that fateful morning when the Jacksonville High School was destroyed by fire. The students enrolled at J. H. S. this fall will not remember this event even though its occurrence is directly responsible for the building and the equipment they use today.

The destructive fire started around 2 a. m. on Thursday, March 14, 1918. The blaze was not detected until almost 30 minutes later, when Mrs. Robert Mullenix who lived at 611 Jordan street, reported to the fire department that there was a brilliant glow coming from the high school basement. By the time the firemen arrived at the scene the fire was well underway.

Fanned by a moderately high wind from the west, the blaze for two hours defied the best efforts of all the equipment of the fire department and a host of volunteers. For some time it appeared that all the houses and the Dunlap Hotel would be burned. At 3:30 Mayor Henry J. Rodgers wired the Springfield fire department to send aid. They immediately dispatched an engine but it was halted at Alexander when they received word that the local firemen had the blaze under control.

Countless millions of flying sparks and embers floated over the business district, giving the appearance of illuminated snowflakes everywhere. These sparks and embers started many little fires on neighboring house-tops and the streets were patrolled by volunteer workers.

Around 3:30 one of the flying embers landed on the roof of Trinity Episcopal church, starting a blaze. The flames quickly spread over the building and soon were beyond the control of the firemen. Some said that this building burned even more fiercely than the high school.

Achievement Day Held At Alexander

Demonstrations of sewing and cooking skills and a dress review highlighted the Achievement day program held by the Alexander Sunny Sues 4-H club at the home of Mrs. George Wright.

The sewing demonstrations were given by Melba Williams, Evelyn Mayberry and Bernice Hermes. Shirley Wright and Cynthia Isaacs presented cooking demonstrations.

Also featured on the program were group singing and a vocal solo by Betty Ankrom. Refreshments were served. Sixteen members and 23 guests were present.

State Hospital Is Spraying Grounds, Many Buildings

The Jacksonville State hospital set into motion Thursday an extensive spraying program in connection with the cleanup campaign now in progress, to eliminate flies, mosquitoes and other disease carriers. Although the hospital has two men assigned to spraying activities at all times, a dozen more were furnished with equipment and went to work on the grounds and in farm buildings.

John T. Taylor, business manager of the hospital, said two wheelbarrow type 15 gallon pressure sprayers, and ten men with five gallon hand sprayers, constitute the force busy in covering the entire grounds. The spraying force is in charge of Thomas King, grounds foreman.

Using a strong DDT solution the spraying crew is working at stables, in the vicinity of the kitchens, dairy, incinerator and hog farm.

Hospital officials said the spraying program is in conjunction with the campaign which was set in motion this week by city officials, the Lions club and Medical Society, to guard against spread of polio or other diseases.

Carrollton Council Petitions State For Stop Signs

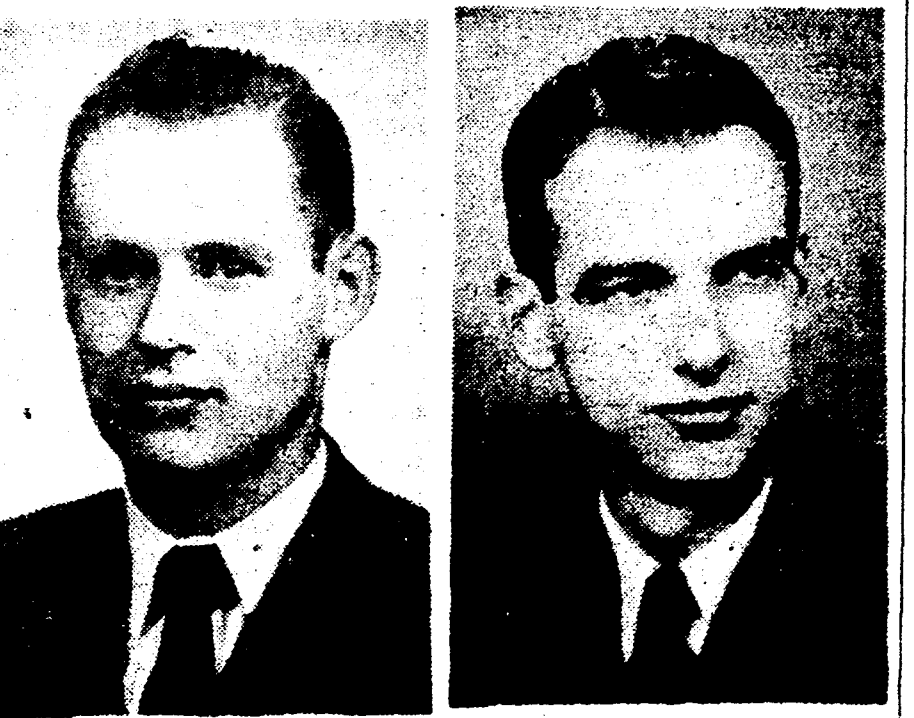

Carrollton.—A resolution petitioning the State of Illinois for four-way stop signs at the intersection of Routes 67 and 108 at the northeast corner of the square was passed Tuesday night at the regular meeting of the Carrollton city council.

Tests have been made of traffic conditions at the intersection for several months to determine the advisability of installing a stop light. At the present time traffic is not heavy enough and the cost of installing the light would be quite high.

The council also reapportioned for three-year terms to the Library board Dr. N. D. Vedder, Judge G. K. Hutchens and Mrs. P. A. Daum. The other members of the board are S. E. Pierson, Alfred Johnson, Mrs. Ira Aull, Mrs. Peter Schneider, Miss Ada Roodhouse and Mrs. Frank Williams.

ON ILLINOIS COLLEGE STAFF

RUSSELL V. KOHR
The appointment of Russell V. Kohr as director of public relations and Richard P. Lothrop as secretary of admissions was announced Thursday by President H. Gary Hudson of Illinois college.

Mr. Kohr, whose home is in New Cumberland, a suburb of Harrisburg, Pa., was graduated from Northwestern university in 1942 with a B.S. degree.

During his four years in the U. S. Navy, he served as communications officer aboard a destroyer in the Pacific, attaining the rank of lieutenant. Since his discharge in 1946, he has been on the admissions staff at Northwestern.

His initial duties at Illinois college will be to supervise work in the admissions office, a position for which he is well qualified through his broad acquaintanceship with the state.

RICHARD P. LOTHROP
Mr. Lothrop will also make alumni contacts and promote other public relations endeavors.

As successor to John B. Martin, who resigned last spring to reenter the publishing field, Mr. Lothrop will collaborate with Mr. Kohr while becoming acquainted with the high school teachers and administrators in Illinois.

Mr. Lothrop, a native of Oberlin, O., graduated from the College of Wooster in Wooster, O. receiving his A.B. degree in 1940. He is also a veteran of World War II, having served in the U. S. Navy during 1944.

Both men assumed their new positions on Aug. 1. They are residing at the home of Mrs. C. E. Cole, 1239 West State street.

How To Get On A Quiz Program

By HAL BOYLE

New York.—(P)—One lady in the radio studio audience waved some lingerie over her head. Another held up a live squawking chicken.

They were trying to attract the attention of an announcer selecting contestants from the audience to appear on a quiz program.

"But that isn't the way to get on a quiz show," agreed Mark Goodson and Bill Todman. "We aren't looking for screwballs."

These two young men—both under 40—are authorities on how to be chosen to appear on the radio giveaways. They've picked thousands of contestants for the five network quiz shows they produce—Stop the Music, Winner Take All, Hit The Jackpot, Beat the Clock and Spin To Win.

Screwballs Not Wanted

What do they look for?

"We're not looking for the greatest brains in the studio," said Todman. "We're looking for nice people the audience will like."

"Yes," said Goodson. "We want to avoid people who are off balance. There is a very thin line between the pleasant extrovert and the real screwball, who may do something once he gets on the air."

The art in getting selected as a contestant lies in attracting the announcer's eye without scaring him away by being too brash or anxious.

Flashy Jewelry Out

Women wearing white gloves and a large hat also are likely to be chosen merely because they stand out to the announcer as he passes through the audience in the pre-program warmup period looking for contestants. But a woman wearing flashy jewelry is automatically rejected.

"People don't like to see anyone win money who already looks as if he had more than he needed," explained Goodson.

The producers make every at-

tempt to keep from putting on semi-pros—men or women with little to do who go from studio to studio trying to get on as many programs as possible. They also turn down anyone who, when asked why he wants to be a contestant, replies "to win a prize."

Think He's Selfish

"He may be completely honest," said Goodson. "But the listeners often get the impression such a person is too selfish."

Over the years the producers have found that housewives offer make better contestants than college teachers.

They also have learned that men or women from the south or southwest part of America make the best contestants on a geographic basis.

"It isn't that they are any more intelligent or better informed," remarked Goodson. "They are simply more friendly and homey-talking."

"The New Englander is often too laconic—too brief in his answers. On the other hand the New Yorker tends to be over aggressive."

Who makes the ideal contestant?

"Oh, I'd say it would be a young man from Fort Worth, Tex., studying to be a doctor and married to a girl who was working to help him get his degree," said Goodson.

"It would help if the wife had just had a baby," laughed Todman. "The audience loves young fathers."

Concord Church Appoints Board Of Education

Concord.—Members of the Methodist church of Concord recently named the members of the Board of Education to serve for the conference year 1949-1950. They are church school superintendent, R. E. Nickel; members at large, Robert Kirchner, Carl Robinson, Robert Schall; WSCS Mrs. Virgil Wegehoff; Youth representative of youth dept., Mona Kershaw; Adult representative of youth dept., Mrs. L. E. Wegehoff; Adult representative of Junior dept., Mrs. Tom Crawford.

This board is charged with the supervision of all the educational work of the church including teachers, materials, and program. It is selected to give a cross-section representation of the entire church.

Robert Wegehoff is visiting this week at the home of his uncle, Mr. and Mrs. Cecil Wegehoff.

Mr. and Mrs. Ben Grote of Champlain visited over the week-end at the home of Mr. and Mrs. R. E. Nickel.

Mrs. Rose Brooks of Pittsfield was a guest last week at the home of Mr. and Mrs. Warren Brockhouse.

Mrs. John E. Hubbard and children, John, Michael, and Janet Sue, returned to their home in Barry on Wednesday, after spending several days at the home of Mrs. Hubbard's parents, Mr. and Mrs. Walter Williams.

FAMILY REUNION SUNDAY
Carrollton.—The annual Batty family reunion was held Sunday in Fry park with an approximate attendance of 55. Frank Batty of White Hall was elected president of the organization and Miss Mary Helen Batty of this city as secretary-treasurer. Mrs. L. J. Powell was named historian of the group and Mrs. Hester Brown as program chairman.

LEAVES NEW YORK
Miss Winifred Rhiming of Chapin has returned from New York where she had been employed for the past few months.

REV. AND MRS. EWERT RETURN FROM VACATION

Dr. and Mrs. Arthur F. Ewert have returned from a vacation in the Ozarks, touring several state parks and springs in southern Missouri and northern Arkansas.

Beginning next Sunday morning, at 10:45 o'clock, services will be held by Dr. Ewert in the Westminster Presbyterian church, continuing through the month of August. The public is invited to these summer services.

Masonic Shrine Has Stones From All World

Raleigh, N. C.—A dirt road from Waynesville, N. C. leads up to the top of the Smokies at Black Camp Gap, and the visitor will find

a stone marker, erected by the Masonic order. The cryptic shrine and markers contain stone from almost every country in the world, from a mine 2,500 ft. below sea level in Australia, and from every state in the union. In a vault nearby is a sealed copper box containing mementoes from 30 grand lodges in this country and Canada. It will be opened in 1972, 100th anniversary of the foundation of the N. C. Grand Council.

In the markers are stones from Seera Island, Arabia, where King Solomon is said to have conferred with the Queen of Sheba; a portion of a stone gateway from the castle of Robert the Bruce of Scotland; and part of a foundation stone from the Masonic Temple at Copenhagen.

Powered by the World's Sweetest Engine!

When you're at the wheel of a big, handsome Pontiac, there's a feeling of sheer satisfaction words can scarcely describe. Your car is powered by the world's sweetest engine—wonderfully smooth and quiet, instantly responsive to the accelerator and packed with ample power for every driving need. Whether you choose Pontiac's great straight eight or its equally famous six-cylinder companion, you get performance which is not only extraordinarily enjoyable but which also carries with it the added satisfaction of exceptional gas and oil economy.

It is a matter of common knowledge that fine performance has long been an outstanding characteristic of Pontiac cars. The fundamental L-head design of Pontiac engines has won the approval of more than two million owners. Many of them have passed the 100,000 mile mark without a major service operation. Yet, thanks to constant development and improvement, the power plant of your 1949 Pontiac is as modern as tomorrow's sun. Why not come in today and learn that truly wonderful performance is just another reason for wanting this truly wonderful car?

Decree Passes Flunked Students

Bangkok—(P)—A government decree gave passing grades to 29 students who flunked university entrance examinations. Within a few days the Ministry of Education was deluged with requests from parents that their children who flunked other tests be given passing marks.

Top Education Ministry officials sought to resign in shame over the Thailand cabinet's action, but were persuaded to hang on only because their terms were expiring shortly anyway.

The education squabble began when the son of a member of parliament got 49.6 on an examination. The passing grade was lowered from 50 to include all who scored 49.5 or better.

DENMARKS DAIRY METHODS REVEALED

Des Moines—(P)—Frank Meissner who came to this country recently from Denmark says that country and Iowa have somewhat similar dairy problems — how to operate more efficiently.

He says Denmark is meeting this problem of keeping down costs to retain reasonable profits in two ways. One is a trend toward combining smaller dairies. The other is specialization.

In one area, he said 70-co-op milk plants were operating. They were combined into 34 dairies. In an example of specialization, Meissner told of three plants which used to each make several products. They reorganized so now one specializes in butter, one in cheese and the other in milk. They operate under a joint management.

BIRD IS WHISKY SUBSTITUTE.

Sydney—(P)—Want a substitute for beer or whisky? Eat galah pie. A galah is a pink and white bird of the parrot family. There are tens of thousands of them in parts of Australia. The people of Goondiwindi, Queensland, say galah pie is tempting and tasty, and gives them a strange sensation of uplift.

Local dieticians say it's the nourishment in the galah that does it. Others say there is something about galah pie that reminds them of whisky.

Bait Jail Makes A Business

Bradenton, Fla.—(P)—William L. Aldridge, Sr., retired Dunn, N. C., manufacturer, couldn't stay retired so he and his son have opened a sporting goods store here. One of the reasons was his development of what he calls a "bait jail", a container for holding bait while fishing and for keeping alive better.

It is a metal rectangle with flexible arms which fit into slotted steel holders. The holders are fastened to the boat and the container can be slipped in and out in a jiffy. The arms permit the bait to remain half submerged when the boat is at anchor and a single of holes on all four sides permits the water to flow freely in and out. When the craft is in motion, the arms permit it to rise higher and volplane behind on the surface. A scoop in the bottom picks up sufficient water to keep the bait alive.

Miss Wilma Bemis of Springfield spent the week end with her parents, Mr. and Mrs. Tom Bemis.

GREENLAND DOGS FEARED

Copenhagen—(P)—The Greenland commission of the Danish parliament, which will visit Greenland this summer, has been warned not to go there unarmed.

An official announcement called on the members to take big wooden clubs with them. The authorities are not afraid of hostile Greenlanders, but of wild dogs in the northernmost settlements.

ROODHOUSE

Roodhouse—Mrs. W. A. Jolley has received word that her brother, Hugh Pritchett, of Springfield is hospitalized as a result of injuries sustained when he was struck by a car in that city last week.

Jesse Hawk, Sr., is attending the D.O.K.K. convention in San Diego, Calif., Monday through Friday.

Perth Rejects Battleship Power

Perth, Australia—(P)—Perth nearly got the old British battleship Royal Sovereign, 30,000 tons, to keep the city's lights burning. However, the cost was too great.

Perth needs a new power station and this will not be finished until next year. The city also has had blackouts because of the Australian coal miners' strike.

The price of the Royal Sovereign was \$565,000, plus \$226,000 for towing to Perth. The State Government thought over the idea, then decided against it.

Poland Clears Germans From Vast Area

Warsaw, Poland—(P)—The Polish government says all Germans have been repatriated from the vast Eastern German lands which Poland absorbed after the Potsdam agreement. Poles say 5,500,000 Poles now are living there.

The former German territories

had a pre-war population of 8,200,000, exclusive of the former Free City of Danzig, now called Gdansk. The cities of Szczecin (Stettin) and Wroclaw (Breslau) were included in the area. Poles say the present population figures will be boosted as rapidly as reconstruction of the former German land can provide living space for Polish settlers.

Many Germans fled from the eastern land as the German army retreated. Poles claim they have expelled around 2,500,000 Germans still on the lands at the end of the war. Poles also say that the total number of Germans remaining in Warsaw and elsewhere in Poland is "negligible." These are made up principally of an estimated 30,000 German prisoners of war and some technical workers. It is Poland's plan that they all shall be sent to Germany before the end of 1949.

Czech Ice Cream Has English

Prague—(P)—When ice cream went on unrated sale here recently Czechs were somewhat startled to find it in packages bearing the English label, "delicious ice cream."

The product in itself was something new. Even a poor imitation of the western kind hadn't been seen

here before. The new ice cream, the government says, contains lots of milk and sugar. It's expensive too 24 cents for a cup of about three ounces.

The cup, with the English labels had been produced for export. New paper cups are being produced which will bear the Czech name of the ice cream, "Palarka."

The term "polecat" is sometimes applied to skunks, but really belongs to a related animal of Europe and Asia.

Slow Tractor Speeds Work

Zanesville Ohio—(P)—Tom Bradley of the Soil Conservation Service nursery here found tractors too fast for his work. He wanted a machine that moved 10 feet a minute. From such a machine, he figured, workers could transplant trees. He was right. They could.

He moved the engine of a tractor

forward and put an auto transmission in the power line. Then he operates both the tractor and the auto transmission in low. Use of the machine saves thousands of hours, he says. Now one manufacturer plans to produce a slow-speed tractor.

Sugar fixed in green leaves of plants annually is estimated to represent energy equal to 300 billion tons of coal.

Cathedral To Have African Art

Brazzaville French Equatorial Africa—(P)—One of the boldest experiments in amalgamating African art into Christian churches and liturgy is at present being carried out in Brazzaville. Fr. R. Le-

conte said the new Brazzaville cathedral now under construction would contain new features directly drawn from African art.

The tom-tom which for thousands of years has served the Bantus as a means of communication and a dance instrument will enter the cathedral as a sacred instrument and rhythm the chants and prayers. Railings of the tribune and choir will be made in wrought iron by an old Blacksmith of the M'Beti tribe.

The interior decoration will also be carried out in special form unknown in modern times and which

can only be found in old Assyrian temples. Huge panels will represent scenes of the Bible in pieces of ceramic. The design of these Biblical scenes will be exclusively African.

RUSSIA PRINTS HOWARD FAST BOOK

Moscow—(P)—Howard Fast's book, "The Road to Freedom" has been published here in Russian.

Reviewing it "Culture and Life" said it, "has the force of an indictment of the whole social and political structure of contemporary America."

WHITE HALL

White Hall—The W.S.C.S. of Methodist church met Tuesday afternoon at the church with the program in charge of Mrs. George Wyatt and devotion by Mrs. John Meyer. Hostesses were Mrs. Vandettum, wife of the pastor, and Miss Edith McCollister.

Sixteen members of the senior softball league held a supper at the Griswold annex Monday night. Earl Eastman, manager of the league, was principal speaker with talks also given by Rev. Elmer C. Johnston and

Rex Applegate. After the supper, a general social hour followed.

The Mission circle of First Baptist church met Monday afternoon at the church, with Miss Mabel Green, lesson leader. Her topic was "Spiritual Life." Mrs. Nina Goodall held the devotions.

The Eastern Star-Masonic joint picnic held recently in Lions park drew a crowd of about 70. A basket supper was enjoyed and the balance of the evening spent in a social hour.

Mrs. Clarence Steckel and children, Marian and David, accom-

panied by Mrs. Steckel's mother and father, Mr. and Mrs. J. N. Boone, left Tuesday for a visit with relatives in Missouri.

Mrs. Elizabeth Arnold of Waverly is spending the week with her son-in-law and daughter, Mr. and Mrs. Noah Arnold.

Rev. and Mrs. Charles Vandettum entertained Mr. and Mrs. Leo Hill, Charles Hill, Mr. and Mrs. Herman Layman and two children of Elwood, Ill., on Sunday. The group enjoyed a potluck dinner at noon.

DURBIN

Durbin—Mr. and Mrs. Dawson Darley of Peoria spent the week end with his parents, Mr. and Mrs. Samuel Darley. His mother who recently returned from Passavant hospital, is somewhat improved.

Mrs. John Payne and son, John, of Long Island, N. Y., have returned home following a two-week visit with her mother, Mrs. Anna Mae Scott. They plan to visit with relatives in Elkhart, Ind.

Mr. and Mrs. Leroy Smith entertained the following guests at their home here: Miss Harriett Smith of South Orange, N. J., Mrs. Minnie Barr and Robert Read of Jacksonville; Mr. and Mrs. Charles Gibson Miss Rhoda Scott and Fred Scott. Mrs. Charles Williamson and Mrs. Julia Douglass of Ashland, Mrs. Ann McCormick and Mrs. Grace McDewitt of Jacksonville visited Sunday afternoon with Mrs. Sadie Darley.

Mr. and Mrs. Leroy Smith visited in Springfield with her brother, Ira Scott, who is a patient at a hospital there. They also visited Mrs. Scott, as her home.

Mrs. Esther Horton of Chillicothe and Mr. and Mrs. Andrew Goldstein and daughters, Peggy and Patty, visited here with Mr. and Mrs. Prince Francis.

Alene Eugene and Maxine Francis attended a birthday dinner held Sunday for Pauline Dorsey at her home here.

Gets Video 1,200 Miles Away

St. Cloud, Fla.—(P)—Ray Charleston, radio engineer, doesn't worry about a lack of television sending stations in the south. He gets just about any kind of reception on his set here. He logged the stations he connected with and they include just about every one up to 1,200 miles away—except Miami.

Miami has a 78-foot elevation above sea level, with a 60-foot tower. Reason for the reception here, he says is tropospheric propagation, a high-powered way of saying that the sky wave of television is freakishly reflected in this particular spot.

Machine Thieves In Jersey County Are Still Active

Jerseyville—Machinery thieves in
Jersey county have diverted their
taste from tractor and farm mach-
inery parts to power lawn mowers.
Sheriff C. E. Wedding reported
Wednesday afternoon that a power

mower was stolen from the premises
of the Blue Check Inn on State
Route 100 during Monday night.
Tuesday night another power
lawn mower was stolen from the
premises of Dr. B. A. Marsden. Dr.
and Mrs. Marsden are vacationing
at their place in Wisconsin while
Mr. and Mrs. Herbert Naylor, son-
in-law and daughter of the Mars-
dens, are staying at the Marsden
residence.
Another theft was reported to
Sheriff Wedding Wednesday. Thieves
loaded and hauled away a 52 gallon
barrel full of cylinder oil from the
Reddish farm in western Jersey
county.

Youth Center Closes For Rest Of Summer

The Y.M.C.A. Youth Center, pop-
ular 'hangout' for the young people
of Jacksonville and surrounding
area, has closed for the remainder of
the summer.

Paul T. Hartman, "Y" secretary,
made the announcement Thursday,
stating that plans call for the re-
opening of the center on Sept. 1.

The closing allows for general
cleaning and repair of the Youth
Center and also serves as a vacation
period for "Y" personnel, which in-
cludes Mrs. Lucille Morgan, office
secretary, Mrs. Gail Miller, food
service director, Albert C. Phillips,
building custodian, and Mr. Hart-
man.

When the Youth Center reopens,
a schedule, similar to the one ad-
opted last year, will be put into effect.
This arrangement provides exclusive
use of the "Y" on various nights for
individual age groups.

Playgrounds To Close
Mr. Hartman also announced that
the two Y.M.C.A. playgrounds, main-
tained at Washington and Jefferson
schools, will close Friday.

Parents are invited to visit the
two playgrounds at 1:30 p.m. on that
day to meet the playground di-
rectors and to view the exhibits of
handicraft made by the hundreds
of children who have frequented the
playgrounds during the past eight
weeks.

Miss Anna Nagel, director of girls'

physical education at Washington
school, has been in charge of the
playground at that school.

The Jefferson playground has
been under the direction of Robert
Blazier, the new physical education
instructor for fifth and sixth grade
boys in the local schools.

Chandlerville Man Dies At Hospital; Services Friday

Chandlerville—Emory O. Hinchee,
75, died Wednesday at 6 p. m. at
Passavant hospital, where he had
been a patient since suffering a
stroke ten days ago.

Mr. Hinchee was born in Ken-
tucky on June 23, 1874. He had
farmed in the Chandlerville com-
munity for the past 30 years.

Surviving are his wife, Ruth, and
several nieces and nephews.
Funeral services will be held Fri-
day at 2 p. m. at the Chandlerville
Methodist church, with Rev. Henry
Higgins officiating. Burial will be
in Newmansville cemetery.

Carrollton Schools To Reopen Aug. 29

Carrollton—Olin Stead, superintendent of the Carrollton grade and high schools, announced Wednesday that the schools would reopen Aug. 29. Definite plans for registration of students have not been completed. There are still three vacancies on the high school faculty due to resignations of Wood Reinheimer and

Richard Tendick, science and English teachers. The place of music instructor is also still vacant, as it was last year. Miss Nita Ford of this city taught music in the school part time during the winter in the absence of a regular music instructor.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Morgan County Draft Office To Be Closed; Placed In Group 23

The Morgan county Selective Service office, which since 1940 has supervised the induction of several thousand men into the armed forces, will be closed under an order announced Thursday by Col. Paul G. Armstrong, state director. Draft business of this county will be consolidated in a seven county group with headquarters at Springfield, to be known as Group 23.

The Morgan county draft office in the court house will be closed about Aug. 21, at which time all records will be transferred to the group office at Springfield.

Office Clerk Transferred
Mrs. Anna C. Strandberg, 343 Webster avenue, who has served as office clerk for the draft board since 1940, has been transferred to the Springfield office, effective Aug. 22.

FLAKORN
CORN MUFFIN MIX
EASY, QUICK AND GOOD

Easy! 12 crisp and tender corn muffins by just adding an egg and ½ cup milk to Flakorn. Delicious! No other corn muffin mix has been able to equal the quality of Flakorn.

gan. Sangamon and Scott, with offices at Springfield.

Counties in Group 24, with offices at Quincy, are Adams, Brown, Hancock, McDonough, Pike and Schuyler. Composing Group 25, with offices at Edwardsville, are Calhoun, Greene, Jersey, Macoupin, Madison and Montgomery.

Present members of the Morgan County Selective Service board are Glen C. Hickie, Carl E. Newport, W. E. Marine and Kenneth Woods of this city and C. P. Hedrick of Meredosia.

During the war years Morgan county was served by two district boards, one for Jacksonville and the other for the county, with offices in the Morrison block. Later the offices were consolidated, moving to a room on the first floor of the court house.

Laymen's League Holds Fish Fry At Pittsfield

The Laymen's League of the Pittsfield Christian church entertained members of the West Central Illinois district of the League with a fish fry held at King park in Pittsfield.

Laymen and their families were present from Jacksonville, Litchfield, Roodhouse, Ursa, Chapin, Pleasant Hill and Rushville.

The district president, Fred Schultis of Chapin, presided at the business meeting. The guests were welcomed by the vice president, Mr. Schimmel of Pittsfield.

Mr. Schultis announced that the

National Laymen's league would hold a retreat in Cave Ridge, Ky., from Aug. 11 to Aug. 14. The district president and his wife and several others plan to attend.

An invitation was extended by the president of the Rushville Laymen's league to all members in the district to be guests at the October meeting.

Soap Continues To Be Luxury In Europe

Vienna—(P)—Soap is still a rich man's luxury in many European countries. Even in those countries where it is not rationed, the price is generally higher than low income groups can pay. Hospitals and other public institutions still depend on charity shipments from abroad for the bulk of their needs. CARE officials throughout Europe report the use of inferior quality soaps in institutions is a serious menace to child health.

An Associated Press survey showed France, Italy and the Scandinavian countries are the brightest spots on the European soap map. Britain, Czechoslovakia and Yugoslavia are at the other end of the scale. Between those two extremes are countries like Poland, Austria and Germany where you can buy all the soap you need if you have the money.

In Czechoslovakia the soap ration is one bar of toilet soap every three months. There is also a small ration of laundry soap and soap powder. The government had promised to put soap on free sale but the price will range from 50 to 60 cents a bar. The average British ration is seven small bars of toilet soap every two months. In Yugoslavia it is half a pound per month per person, and the supply is irregular. In Poland a bar of toilet soap costs 25 cents. Austrian soap is of poor quality. A bar of American soap on the black market costs 50 cents. An inferior type of soap is still rationed in Germany. To supplement their one small rationed bar, Germans pay 30 cents a bar for American soaps which are on sale almost everywhere.

CARE officials in Vienna say the real need in Europe is for better distribution of good soap to low income families with children and to public institutions.

Indians Cut Yankees' Lead To 2 1/2 Games By Whipping Nats Twice

Washington, Aug. 4.—(P)—Cleveland Indians shaved the New York Yankees to 2 1/2 games tonight by sweeping a twilight-night double-header from the hapless Washington Senators before a crowd of 24,299. The Indians traveled 12 innings to capture the opener, 6-3, then coasted to a 14-1 victory behind Bob Feller's 6-hit pitching.

Luke Appling Will Tie Record For Durable Shortstop

Philadelphia, Aug. 4.—(P)—Lean Luke Appling—"Old Moanin' Low"—will have to wait at least another day before reaching the goal he wants more than any other, the major league record for durable shortstops.

The Chicago White Sox shortstop had hoped to tie tonight the mark of 2,153 games set by Rabbit Maranville with five National league clubs between 1912 and 1931.

But a heavy rain today and threat of still more moisture forced postponement of the game against the Philadelphia Athletics. Appling, who has played 2,152 games in spending almost half of his 40 years with the White Sox since 1930, will get another chance to match Maranville's record tomorrow night in Washington.

"It's the record I've wanted more than anything else," Appling admitted, "because I love to play baseball."

"How much longer will I keep on playing?"

"Just as long as the club and the fans are willing to put up with me. Which could be a pretty long time. At an age when most men are looking for rocking chairs, Luke is thriving on a seven-day baseball diet. His .305 batting average is the best of the club's regulars and he continues to field throw and run at a pace that belies his years."

He's as much a fixture with the White Sox as the ballpark at their home, Comiskey Park. Says club President Charles Comiskey:

"I don't remember any other White Sox shortstop except Appling."

CHICAGO LIVESTOCK MARKET REPORT

Chicago, Aug. 4.—(P)—Livestock marketing again was mixed today. Hogs, laboring under an unexpected extra 1,000 head, found steady to 25 cents lower levels. Cattle, on the other hand running around 2,000 head short of expectations, made steady to 50 cents higher sales, while sheep were steady to weak.

One load maintained the hog top at \$23.25 but most good and choice butchers sold between \$21.50 and \$23. Weights above 290 pounds were scarce, ranging downward to \$19.50. Sows took mostly \$14.50 to \$19.50 but a few choice went to \$20.50 and some heavier down to \$13.50.

The loadlot steer top was \$27.50 but high-good to choice steers and yearlings sold from \$26.75 to \$28 in scattered loads and lots. Good and choice heifers brought \$25 to \$27. Beef cows brought from \$19 downward, sausage bulls from \$20.75, and vealers from \$26.50.

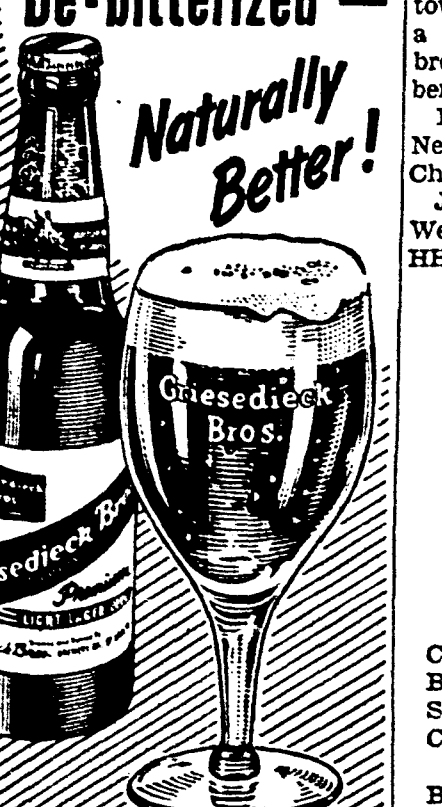

Spring lambs topped at \$25 and ewes at \$9.50.

Salable receipts were 9,000 hogs, 3,000 cattle, 400 calves, and 700 sheep.

Cincinnati Reds Take Two From Phillies 8-5, 9-1

Cincinnati, Aug. 4.—(P)—The Cincinnati Reds knocked off the fading Philadelphia Phillies in both ends of a doubleheader today, 8-5 and 9-1, to sweep a four-game series.

The Reds clipped three Philadelphia pitchers for 11 hits in winning the opener and Johnny Vander Meer, veteran Redleg southpaw, threw a five-hitter in the nightcap.

Putting together their biggest win streak of the season, the seventh-place Reds got off to an early start in the first game, knocking Russ Meyer from the mound with a four-run blast in the opening heat. Dan-Cleveland .010 000 020 003—6 11 0 Washington 000 002 010 000—3 10 (12 Innings)

Ben Hogan Named Captain Of U. S. Ryder Cup Squad

Chicago, Aug. 4.—(P)—Ben Hogan, golf's man of the year in 1948, has been honored with the captaincy of the U. S. Ryder cup squad, although injuries suffered in an auto collision have sidelined him from links action.

The Professional Golfers' Association announced yesterday that Hogan, the mighty bantam, will appear with the U. S. team in Boston, although he will not be able to compete.

On August 27-28 at Boston's Belmont country club the special challenge match will be played. The Ryder cup matches will be contested in England, Sept. 16 and 17.

Red Sox Swamp Brownies 12 To 2

Boston, Aug. 4.—(P)—Boston's Red Sox supported the six hit pitching of right hander Joe Dobson with a 14 hit attack for a 12-2 victory today over the American League last place St. Louis Browns.

Since Detroit beat New York 3-2, the distance between the league leading Yankees and the third-place Sox was reduced to five games.

The decision gave the Sox a sweep of the three game series with the Browns and was their fifth consecutive triumph.

The Sox made victory certain with four runs in the opening inning when St. Louis starter Red Embree retired after giving up three bases on balls and two hits. He was replaced by left hander Bill Kennedy.

All the Sox except Ted Williams and Dobson hit safely.

Williams walked three times and now has drawn 106 passes this season.

Dom DiMaggio extended his hitting streak to 31 games with two hits in four trips.

Chicago Shuts Out N. Y. Giants 1-0

Chicago, Aug. 4.—(P)—Johnny Schmitz pitched a three hitter today as the Chicago Cubs ended an eight-game losing streak, with a 1-0 shutout victory over the New York Giants.

A home run by Andy Pafko in the second inning proved to be the decisive blow. It came off Larry Jansen, the loser, and ended a six-game winning streak by the Giants. Jansen allowed but four hits as his season record leveled off at 11-11.

Schmitz had a no-hitter going into the eighth inning. Sid Gordon, first up for the Giants, hit a slow roller towards third and beat it out for a single on a very close play that brought a squawk from the Cub bench.

It was the first hit off Schmitz. New York .000 000 000—0 3 1 Chicago .000 010 000—1 0 0 Jansen, Higbe (8) and R. Mueller, Westrum (8); Schmitz and Owen. HRR: Chi—Pafko. LP—Jansen.

Cincinnati Reds Take Two From Phillies 8-5, 9-1

Cincinnati, Aug. 4.—(P)—The Cincinnati Reds knocked off the fading Philadelphia Phillies in both ends of a doubleheader today, 8-5 and 9-1, to sweep a four-game series.

The Reds clipped three Philadelphia pitchers for 11 hits in winning the opener and Johnny Vander Meer, veteran Redleg southpaw, threw a five-hitter in the nightcap.

Putting together their biggest win streak of the season, the seventh-place Reds got off to an early start in the first game, knocking Russ Meyer from the mound with a four-run blast in the opening heat. Dan-Cleveland .010 000 020 003—6 11 0 Washington 000 002 010 000—3 10 (12 Innings)

Trend In Grains Unsteady; Price Changes Few

Chicago, Aug. 4.—(P)—Grains moved up and down in a complete state of indecision today.

The trend changed often. It did not continue either long or far in either direction. The result was that prices were within a cent higher or a cent lower of the previous close throughout the day.

Receipts were: wheat 69 cars, corn 88, oats 78, rye 7, barley 11, soybeans 43.

Wheat closed 1/2 to 1 cent higher. September \$2.03 1/2, corn was 1-1/4 higher, September \$1.26 1/2, oats were 1/2 lower to 1 cent higher, September \$1.14 1/2, soybeans were 1/2 lower to 1 cent higher, November \$2.33 1/2, and lard was unchanged to 20 cents a hundred pounds higher, September \$12.65.

U.S. Track Forces Take 10 Of 12 Events In Sweden

Stockholm, Aug. 4.—(P)—United States track forces won ten of 12 events in a meet with Sweden tonight. They lost the 1,500 meter run and the hammer throw.

Bob Richards of Champaign, Ill., captured the pole vault with a leap of 14 feet, 4 inches. As a prize he was awarded a bicycle, which he rode around the stadium while 18,000 fans applauded.

Fred Wilt, New York policeman, won a Scandinavian specialty when he took the 5,000 meter run in 14 minutes, 34.6 seconds.

Other results: 100 meters—Andrew Stanfield, Section Hall, 10.8 seconds. 300 meters—Arthur Brown, Rice, 34.2 seconds. 400 meter hurdles—Clarence Doak, Pittsburgh, 53.3 seconds. 800 meters—Warren Drentzler, La-Grange, Ill., 1:55.0. 1,500 meters—Sture Landqvist, Sweden, 3:52.6. John Twomey, Illinois, was third in 3:53.8. 400 meter relay—U.S.A. (Craig Dixon, Gaylor Bryant, Arthur Brown and Andrew Stanfield), 41.9 seconds. Broad jump—Henry Althaus, Southern California, 23 feet, 11 inches. Discus—James Fuchs, Chicago, 165 feet, 10 inches. Hammer throw—Bo Ericson, Sweden, 177 feet, 6 inches.

Cuban 'Blue Baby' Flown To Chicago To Get Treatment

Chicago, Aug. 4.—(P)—A five months old baby boy suffering from a rare heart ailment was rushed here by airplane from Cuba today for treatment at Mt. Sinai hospital.

Cuban doctors thought the boy, Sergio Gesen, might be a so-called "blue baby" needing an immediate operation to correct a malformed heart. They recommended that physicians at Mt. Sinai be consulted for final diagnosis and possible surgery.

Mt. Sinai officials said after diagnosis today, however, that the baby was suffering from a blood condition called "methemoglobinemia" which they described as "inability of the blood to unite properly with oxygen." They said the ailment could be treated by medication and that no operation would be necessary. The boy "will be all right," they added.

Sergio was accompanied on the flight to Chicago by his parents, Mr. and Mrs. Ramon Gesen, Central Delicias, Cuba. The father is an agent for the Fragata Ortiz trucking firm.

Cards Defeat Boston 10-2 For J'ville Fans

St. Louis, Aug. 4.—(P)—The St. Louis Cardinals retained their half-game grip on the National league lead today by battering the Boston Braves 10-2, while Al Brazle and Ted Wilks held the Braves to six hits.

The Redbirds slammed out 17 safe blows against Johnny Sain, Glenn Elliott and Bob Hall. Sain was knocked out of the box in the fifth inning.

It was Brazle's 12th victory, giving the Cardinals three out of the four-game series.

Brazle, who gave up three hits in five innings, was replaced at the start of the sixth after he had been struck by a batted ball.

Ron Northey, Redbird right fielder, cracked out a homerun in the third inning—his third of the year—and Jeff Heath got one for Boston in the ninth—his first of the year.

Stan Musial and Red Schoendienst both collected three hits out of five times at bat to lead the Cardinals.

Ed Stanky paced Boston with two for four.

Channel Swimmer To Get First Test In Open Waters

Dover, Eng., Aug. 4.—(P)—Shirley May France will get her first test in the open waters of the English channel on Saturday.

Her coach, Harry Boudakian, said today he plans to have the 16-year-old Somerset, Mass., girl take a five-mile practice swim outside Dover harbor that day.

Thus far, the husky American swimmer has done all her training for the channel swim inside the harbor because of poor weather conditions.

Capt. John Burwill, veteran channel pilot, says, however, the weather is improving. He thinks conditions will be right for a try within the next three days. Boudakian has said Shirley May will not attempt the crossing until some time next week at the earliest.

She took her longest workout today. For two hours she flailed through the harbor waters and came out fresh as a daisy after covering about four miles, most of it against a two-and-a-half knot tide.

As usual, Shirley May gave the folks on shore a good show. She sprinted the last 50 yards then ran briskly out of the water to face a score of photographers and reporters on the stony beach.

In Highlands, N. J., Gertrude Ederle, first woman to swim the channel, said if someone has to break her 29-year-old record of 14 hours and 31 minutes she hopes it will be Shirley May. Miss Ederle was 19 years old when she made the France-to-England crossing on Aug. 6, 1926.

Morelli Renews Efforts To Escape Electric Chair

Sycamore, Ill., Aug. 4.—(P)—James Morelli, 22, doomed "mad dog" killer, renewed efforts today to escape death in the electric chair.

Counsel for Morelli, one of a three-man gang on a killing spree which took three lives in 1947, asked Chief Justice William J. Fulton of the Illinois supreme court for a stay of execution.

Fulton lives in Sycamore. The lawyer, Stephen Lee, contended Morelli was denied his constitutional rights during his murder trial. Lee filed a writ of error and supersedeas.

Justice Fulton refused to consider the plea immediately. He told Lee to confer with other members of the Illinois supreme court to get their opinions in the matter. He set another hearing for tomorrow afternoon.

Morelli is scheduled to die Aug. 12 for the slaying of Emil Schmeichel, Dec. 12, 1947. One member of the gang, Thomas Daley, was killed by police. Another member, Lowell Pentress, 20, is serving two consecutive 199 year terms for murder.

Tam O'Shanter Open Golf Circus Will Begin Today

Chicago, Aug. 4.—(P)—The All-American championship, first installment of George S. May's \$68,200 golf carnival, tomorrow sends some 500 professionals and amateurs into a complex 10-day outing at Tam O'Shanter course.

Half of the field in the All-American's concurrent pro-amateur women's open circus will play 18 holes tomorrow.

The other half shows off Saturday. May proudly points out that no 1 qualifying is necessary. But in effect there is quite a bit, because Sunday's second round of the 72-hole medal play test will find a field of only 200.

This is accomplished by the May course of eligibility which whittles the second rounders to 125 pros, 40 amateurs and 30 women.

The \$20,000 All-American which leading money winner Sammy Snead never has captured is only a prelude to May's "world championship of golf."

The "world" event, another 72-hole medal chase, starts next Thursday. (Wednesday is held open in event of an All-American playoff in which there have been three in the eight previous meets).

Brooklyn Sweeps Series With Bucs With 11-3 Victory

Pittsburgh, Aug. 4.—(P)—The Brooklyn Dodgers whipped the Pittsburgh Pirates 11-3 today to sweep the four game series. Gil Hodges, Duke Snider and Tommy Brown contributed home runs in the 14-hit attack which marked the Dodgers' fifth consecutive victory.

Big Don Newcombe went the distance although tagged for 11 hits and registered his 10th victory. He has lost three. The Pirates got nine of their hits in the first five innings, but could manage only two runs.

Vic Lombardi, former Dodger, was the loser. He was touched for seven runs before he was replaced by Murry Dickson in the fifth and was charged with his second loss. He has won four.

Hodges' homer, his 17th, sent the Dodgers' off to a 2-0 lead in the second inning. The Brooks picked up three more in the fourth when Snider cracked his 17th four bagger with two mates aboard. Brown's homer came in the fifth with one on.

Newcombe held the Bucs scoreless until the eighth when Danny Murtagh doubled and counted on a single by Stan Rojek.

Woodcock Injured In Auto Accident

Doncaster, England, Aug. 4.—(P)—Bruce Woodcock, British heavyweight boxing champion, suffered shoulder injuries today in a collision between his truck and a tree.

Doctors were unable to say immediately whether Woodcock would be able to continue training for his bout with Lee Savold, of Paterson, N. J., in London on Sept. 6 for the British version of the world heavyweight title.

Woodcock was reported resting comfortably in a hospital.

Last Quarter-Final Games Marked By Big Scores; Semis Tonight

Semifinals: Winchester V.F.W. vs. Roodhouse Flyers (7:30 p.m.). Jacksonville Elks vs. House of Clay (9:45 p.m.). Softball pitchers who participated in the district tournament quarter-final contests at the Southside park last night will probably wake up screaming for quite a few nights in the future.

The hitters held a field day in both contests. A total of 33 runs were marked in the official scorer's book for the two tangles. Seven pitchers saw action in the games.

Elks Rout Pepsi Cola But more about the vital statistics. The Jacksonville Elks eliminated the local Pepsi Cola youngsters from further participation in the state playoff series with a rousing 11-7 victory over the Pepsi in the curtain-raiser.

Atkins undertook the mound chores for the Elks to open the fracas, but he had to be relieved by Fair when things got hot in the third inning. Turner and Schofield took it on the chin for the losers. Musny, ss 3 0 1 0 0

A greatly favored House of Clay bunch rolled to a 10-5 decision over the Carrollton Lions in the second encounter of the evening to win its way into tonight's semifinals.

Nesbitt, starting Clay pitcher, blanked the Carrollton batsmen for 5 innings, allowing only a single hit. His mates were busy with the lumber during this time, as they piled up a 9-0 lead in the first five innings.

Nesbitt Injured Nesbitt was injured sliding into third base in the sixth inning and was replaced by Jackson. Jackson retired the Lion hitters harmlessly in the sixth inning. However, the roof fell on him in the seventh. Stepping onto the rubber for the last half of the seventh frame, nursing a 10-0 lead, Jackson grew wild, walking several Carrollton batters and giving up three singles. Before he could put out the fire, Carrollton had scored 5 runs to prevent a shutout.

Osborn traveled the entire seven-inning route on the hill for Carrollton.

Semi-Final Tonight Tonight's semi-final games tell the story as far as sectional entries are concerned. Both winners of tonight's tussles, although they will play for the district crown Sunday night, will be admitted to the sectional tournament which gets underway at the Southside park August 10.

REFUGE

Copyright 1949, by NEA SERVICE, INC.

THE STORY: A wealthy widow, Mrs. Everson, has fled with her servants in two giant trailers to escape destruction in an atomic war which she believes is impending. In the trailer, which at last has reached a canyon in the mountains, Mrs. Everson's companion, Rudy, the handsome chauffeur, and Victor, the houseboy, Mrs. Everson is in love with Rudy, who thinks of her only in terms of her wealth. Mrs. Everson has purchased two rabbits from a hunter for a dinner celebrating their arrival at "a place of safety," and now she is dressed in her best dining gown. The Marchese, But outside the atmosphere is heavy, as if the bomb had fallen. Mrs. Everson wonders what there be a world after the atom bomb fall!

XXII

MRS. MALONE gazed up the steep bank and toward the glow of green light that indicated the small trailer.

"Dinner," Rudy announced. "Where's Victor?"

"He's coming as soon as Mrs. Everson and the Marchese have finished their coffee. Do you know what time it is?"

Rudy glanced at his wrist. "Eleven-ten. Sit down. You look all in. Don't wait for Victor."

While she ate, Mrs. Malone described the dinner party and Mrs. Everson's costume.

Rudy listened, the dents in his cheeks deep with contemptuous laughter, his eyes cold.

"Imagine! Out here in the wilderness," Mrs. Malone said. "A hundred miles from anywhere! Putting on a show like that! Who's it for? Us?"

Rudy shook his head. He was about to answer when Victor came in. The little Filipino, paler than usual, slipped into his place at the table.

"Mrs. Everson has gone for a walk," he said.

"Alone?"

Victor smiled with a trace of sweet malice. "Of course, alone! She hopes you will follow her, Rudy!"

"Me?"

"You. Now is your chance, if you want to make love to her."

"I don't."

"She likes you, Malone and I have both noticed. She did not dress up tonight for the Marchese! She is out there waiting for you, Rudy. Go after her, why don't you? You might be Prince Consort, if you watch your step."

RUDY said nothing. He put Victor's dinner before him, filled the coffee cups, then removed his apron, reached for his sweater and leaned down to look at himself in the mirror over his bunk. His gestures were deliberate, his expression was enigmatic. With both palms he smoothed down his short, thick hair.

Then he picked up a flashlight, went to the door and swung himself out into the darkness. They heard his footsteps padding rapidly and purposefully away.

"Do you think he'll find her," Mrs. Malone said.

"Of course," Victor said. "She will make certain that Rudy sees her, and then she will be so surprised!"

Mrs. Malone and Victor finished their meal in silence. She watched what was going on in his mind. At last she spoke.

"You're a cynic, Victor."

"No. I am a mathematician. I put two and two together." Then he added: "You look tired, Malone. Don't you feel well?"

"I'm all right."

She reached across the table and patted the Filipino's shoulder. "You're a good boy, Victor. I'm glad you're along."

"Thanks."

She pushed her chair back.

"I'm going to bed," she said. "Good night."

"Good night."

He got to his feet politely. "Sleep well, Malone."

Mrs. Malone opened the door of the smaller trailer and prepared to go back to the big trailer. It was still, dark and ominous outside. There were thick clouds overhead that seemed to oppress her. The air felt deprived of oxygen. It was hard to breathe.

But, Mrs. Malone told herself, days of humid heat were usual in the autumn. Perhaps a storm was on its way. Yes, Mrs. Malone decided, that was it. A storm—she would not let herself think of The Bomb.

OUTSIDE it was darker, if possible, than before. There was no chink of light anywhere. No wind. No sound. No movement of any kind. Mrs. Malone listened for voices. Rudy's. Mrs. Everson's. But they must have gone beyond earshot.

The music within the big trailer guided her through the woods. Then, at the top of the river bank, the glow of light from its open door came in sight. Mrs. Malone paused to take in the music—the soaring conclusion of the Death and Transfiguration of Strauss.

Suddenly, like a projection on a motion picture screen, the entire scene leaped into view—the trailer, the sandpit, the forest trees, the looming mountains beyond. For an instant they stood revealed in a spectral light. Then once more the crushing blackness...

A terrible fear gripped Mrs. Malone. In her mind a single thought blazed: "The Bomb! This is it!"

An age passed, then, low but unmistakable, came the roll of distant thunder. The portent of storm evidently was being fulfilled.

Two White Hall Couples Observe Anniversaries

White Hall—Mr. and Mrs. Ira Cox and Mr. and Mrs. Henry F. Watts observed wedding anniversaries Aug. 3, at their homes here.

The Coxes have been married 38 years, while the Watts marked 47 years of wedded life.

Mrs. Cox was the former Anna Mae Steward of Walkerville, and all the couple's married life has been spent in that vicinity and in White Hall. They have seven children, Vernon and Newton of Jumeau, Wis., Orville of Greenfield, Roy now of the U. S. Soldiers and Sailors Home in Quincy, Earl of White Hall, Mrs. Addie Settles of Alton, and Mrs. William Settles, White Hall. They also have a number of grandchildren and great grandchildren.

Mrs. Watts was the former Jessie Staats. She and Mr. Watt were united in marriage at her home in White Hall, Aug. 3, 1902, by Rev. Lugg, pastor of the local Methodist church at that time.

The couple has five children, Loret of Kenosha, Wis.; Della, wife of C. R. Gilmore, Jacksonville; Roberta, wife of Tom Smith, and Merle of White Hall; and Earl of Bishop, Calif., and six grandchildren.

Mr. Watts is ill in bed, suffering from a slight stomach ailment.

Nationals Admit Loss Of Changsha To China Commies

Canton, Friday, Aug. 5.—(P)—The Nationalists today officially admitted the loss of Changsha, rice bowl region 365 miles north of this refugee capital.

An official announcement carried the hint that the city, which communists armies slowly were encircling, fell by treachery.

The statement said the government had ordered the arrest of Gen. Cheng Chien, who was thrown out of the governorship of Hunan province last week. Changsha is the capital of Hunan.

It said that to save himself and his family Cheng tried to arrange a local peace in Hunan province. Fearing arrest, he left Changsha July 31. The statement said the city was turned over to the communists the next day.

Police Admit They Have No Clues In Robbery Of Khan

Paris, Aug. 4.—(P)—French police admitted with chagrin today they have reached a dead-end in seeking four Tommy-gunners who stuck up the Aga Khan and his Begum yesterday for \$500,000 in jewelry and \$800 cash.

But the hefty Aga Khan was in a jovial mood as he stepped over in Paris on a plane trip from the Riviera scene of the holdup. He was en route to visit Prince Aly Khan and Rita Hayworth at Deauville.

The 72-year-old leader of the Ismaili Moslems of the Middle East and India said he had no idea whether the Prince's movie queen bride is going to have a baby.

He said he had been misquoted on that score yesterday by a questioner and suggested the best source of such information would be the Aly Khans. He said he wished with all his heart that the baby report was true.

Last Rites Held For Henry Tiemann

Funeral services for Henry Tiemann, were held Wednesday at 2:30 p.m. at St. Paul's Lutheran church near Chapin, with Rev. Harry Timm officiating.

A quartet composed of Mr. and Mrs. Alvin Weber and Mr. and Mrs. Walter Unken sang "Abide With Me," "Jesus Saviour Pilot Me" and "I'm but a Stranger Here, Heaven is My Home." Eda Eckoff was the accompanist.

Floral tributes were cared for by the following grandchildren: Wilma, Wanda, Betty, Delbert, Byron and Barbara Tiemann, Paul and Norman Dufemeier.

Palbearers included George Deiterding, Henry Musch, Loyce Plank, John Schroeder, Theodore Lovekamp and Gerhardt Boehs.

Burial was in Concord cemetery. Among the relatives attending from a distance were Mr. and Mrs. Dewey Tiemann and son, Vancil, and Mrs. Raymond Tiemann of Gary, Ind.

Larger Corn Crops Will Come Through Usage Of Legumes

Urbana—If you want larger corn crops, keep at least one-quarter of your cropland in soil-building legumes.

This report came today from M. L. Mosher, Illinois College of Agriculture farm management specialist. He has just finished a study of 240 farm records kept by farmers themselves in cooperation with the college.

Mosher compared two groups of farms for the 10 years 1936-45. One group had about 35 per cent of their tillable land in alfalfa, sweet clover, or red clover. The other had only about 10 per cent in these legumes.

On the 35-per cent-legumes farms, the average corn yield was 10 bushels an acre more than on the 10-per cent-legume farms.

And the farms with plenty of legumes built up their soil fertility considerably too. The 35-per cent-legume farms raised the corn-yielding ability of the soil an average of 14 bushels an acre over that of the 10-per cent-legume farms.

With at least one-fourth of your cropland in legumes, you'll be keeping your soil fertile for the coming years, and you'll also have the highest year-to-year net earnings, Mosher says.

Cab Company Sues Chicago For Not Limiting Taxis

Chicago, Aug. 4.—(P)—The Yellow Cab company today sued the City of Chicago for \$7,500,000 triple damages because the city allegedly violated provisions of an ordinance limiting the number of cabs.

The suit was filed in federal court. It named the city, Mayor Martin H. Kennelly, and Edward J. Gorman, city vehicle license commissioner, as defendants.

A 1937 ordinance was cited. The suit charged that the city had failed to keep additional taxis not sanctioned by that ordinance, off the street.

The suit asserts the city policy has resulted in overcharges, increased accidents, and financial irresponsibility which has damaged Yellow's business.

The 1937 ordinance reduced the number of cabs on the streets to 3,000, with Yellow being allotted 1,595 of these. Previously the company had had 2,166 cabs on the street.

Police Trick Trio Of Safe-crackers, Using Radio Ruse

Chicago, Aug. 4.—(P)—Police reported today they tricked a trio of safe-crackers by broadcasting a fake message which the safe-crackers heard over their radio tuned to police calls.

Investigating the report of a burglary at the west side Hofmann Meat company, the officers suspected safe-crackers were at work and were using a radio to warn them of the approach of police.

Sgt. Antonio Schlecht decided on a ruse. He broadcast this police radio message: "disregard report of burglary at 4603 Gladys avenue."

Two squad cars then backed away in a pretense of leaving the scene.

As police waited nearby, one man came out of a window. A burst of pistol shots stopped him and he was taken captive. The other man came out of the building, but escaped in the darkness under gunfire.

Police Capt. Thomas Alcock said the men left behind one of the finest collections of safe cracking tools he has ever seen, including diamond drills, sledgehammers, crowbars, punches and chisels.

Also recovered by police were \$315 and the safe-crackers' radio.

Says Excise Taxes Stay For Awhile

Washington, Aug. 4.—(P)—President Truman said today nothing can be done about repealing any wartime excise taxes before the next session of congress.

He told his news conference that a lot of research by congressional committees and the treasury is required.

The wartime excises are increases or new taxes on sales of a long list of items such as furs, jewelry, railroad tickets and theater admissions. They differ from other excises of a permanent nature.

Pope Pius Begins Summer Vacation

Castel Gandolfo, Italy, Aug. 4.—(P)—Pope Pius XII began his summer vacation in the cool Alban hills tonight.

The white-clad 73-year-old pontiff left the Vatican under strong police escort and arrived at the papal estate here in his big black American automobile a half hour later.

The Pope is expected to stay in the villa, overlooking blue Lake Albano, until late October. He will continue his audiences as usual, beginning tomorrow.

PROCLAMATION JACKSONVILLE CLEANUP DAY

WHEREAS, the Lion's club in cooperation with the Morgan County Medical Society, civic organizations, the Boy Scouts of America, Trinity East Side Boys' Club, YMCA, City Health Department, Jacksonville junior softball boys, and individuals have been conducting a campaign to rid the community of flies, and;

WHEREAS, these groups will unite their forces to distribute fly control pamphlets and inspect Jacksonville for fly breeding areas on Sunday, August 7, and;

WHEREAS, the campaign will be of great benefit to residents of Jacksonville in that it will help to free the community from the danger of diseases, and;

WHEREAS, the campaign will further make the community a more healthful and wholesome place to live, and;

WHEREAS, it is hoped this campaign will check the spread of poliomyelitis; therefore be it

RESOLVED that I, Ernest L. Hoagland, Mayor of the City of Jacksonville do hereby proclaim Sunday, August 7 as Cleanup Day in Jacksonville and request that all our citizens rid their homes and yards of possible breeding areas of flies and to participate fully in the campaign.

ERNEST L. HOAGLAND,
Mayor.

Nearly 200 Children Attend St. Louis Game On Jacksonville Day

Less than the 200 children signed up to attend the baseball game between the Boston Braves and the St. Louis Cardinals met at the Academy lot Thursday morning to travel to St. Louis and watch the Cards outslug and outplay the Braves 10-2. The trip was sponsored by the Jacksonville Jaycees.

Shortly after 8'clock Thursday morning the children began assembling an hour before the time set for starting the loading into automobiles.

The automobiles when loaded proceeded south on South Church street, led by two state police driven by Patrolman Staley Keller of Jacksonville and Albert Hinds of Ashland.

The string of cars started to St. Louis on U. S. Route 67, to Murfreesboro. At Murfreesboro the caravan turned east to new Route 67 and went to Greenfield, where they were picked up by state patrolmen from district eleven and proceeded over Route 108 to Route 111 to Alton.

Once over the Lewis and Clark bridge, the Missouri state police failed to meet the convoy as promised. However, St. Louis city police picked it up six miles out of the city and escorted it to the ball park.

Parking on Natural Bridge avenue near the park, the whole convoy was taken en masse into the game. They sat along the left field foul line and had a good view of the Cardinal 10-2 victory. It was a good place to watch the Cards slam the ball around, and they outdid themselves getting 17 hits against Johnny Sain, Glenn Elliott, and Bob Hall.

Mr. Sain, one of the Braves' greatest pitchers, left the box in the fifth inning.

Attendance shy of the 200 mark signed up to attend probably because of the police scare.

Though no balls were hit into the stands where the Jacksonville group was seated, several balls hit during batting practice fell right below it.

Following the game, no attempt was made to reform the caravan. Most of the cars returned to this community about 7 p.m.

While the children were waiting for the appointed hour to leave for St. Louis, Edward Bargery of the Coca Cola company served Coca Cola free to the children. A stand had been erected for the purpose.

The Peelfree Bread company was also on hand, serving Dunkettes to the children without charge.

Norbert Schindler, chairman of the trip, was on hand with members of his committee passing out bridge stickers and giving drivers instructions.

The drivers of the cars came prepared for the trip. Many of them had boxes of fried chicken and other goodies for the children who were making the trip in their cars.

One local citizen who is interested in the youth of Jacksonville again appeared on the scene with five boxes of food. This man, Howard Arundell, furnished a similar menu last year. He prepared five boxes each containing a fried chicken, potato chips, bread and butter and other trimmings. On each box was a large package of cookies.

There were 45 automobiles in the caravan, 40 from Jacksonville and five from Virginia.

The many visitors expected at the popular because it is relatively inexpensive to build. No form lumber is needed. C. A. Kincaid, farm field engineer for the Portland Cement company, directed the construction of the outlet when it was built in May. Mr. Kincaid was assisted by Carl Lowry, Quincy SCS engineer, who will be on hand for the Aug. 30 demonstration.

The flume is the terminus of a newly established sod waterway which drains surface water from 98 acres. Excess subsoil water drains through the eight inch tile system which ends at the face of the flume.

Auxiliary Lists Girls Receiving Awards For Year

A complete list of girls receiving American Legion school awards for the year was reported by Mrs. Margaret Perry, Americanism chairman, at a regular meeting Wednesday evening of the local American Legion Auxiliary, unit 279.

They include: Edonna Oyler, David Prince; Lona Sue Moore, Illinois School for the Blind; Helen Oblazny, Illinois School for the Deaf; Margaret DeVore, Our Saviour's; Doris Jean Godfrey, South Jacksonville; and Judy Schewe, Alexander.

Mrs. Mildred Smith, membership chairman, announced a total of 225 members for the year, an increase of 13 members over last year.

Mrs. Mabel Obert, president, and Mrs. Mildred Smith, president elect, will attend the department convention in Chicago Aug. 5-8. Mrs. Obert will serve on the credentials committee.

Miss Rosalyn Nunes, accompanied by Mrs. Carolyn Craver Potter, sang three comedy numbers, "Waiting at the Church," "Doing What Comes Naturally," and "I Didn't Know the Gun was Loaded."

Refreshments were served. Included on the social committee were Mrs. Harriette Craver, chairman, Mrs. Elizabeth Ahlquist and Mrs. Carolyn Potter.

25 Motorists Get Caught With Their Curiosity Showing

Belvidere, N. J., Aug. 4.—(P)—Twenty-five motorists swallowed it hook, ladder and sinker.

They came roaring after the Belvidere fire department today as the trucks rolled through town.

The engines clanged out to a rural area, cut up into a dead-end lane and came to a quick halt. But there was no fire.

Instead the firemen jumped from the trucks carrying only small pads of paper and pencils.

They swirled around the 25 cars that had followed them into the lane, took the license numbers and warned them not to get caught again chasing fire engines.

Say Some People Use 'Benzedrine' Inhalers As Dope

Philadelphia, Aug. 4.—(P)—Smith, Kline and French laboratories said today it was withdrawing "Benzedrine" inhalers from the market in favor of a new nasal inhaler called "Benzedrex" which cannot be "misused for stimulation purposes."

The company said "Benzedrex" gives relief to sufferers of head colds, hay fever and sinusitis. The inhaler, said the company, replaces the "Benzedrine" inhaler.

It is capable of shrinking the nasal membranes as well as or better than Benzedrine but at the same time does not stimulate the user, the company said, adding.

Improper use of the Benzedrine inhaler was made by persons breaking it open, removing the medicated paper inside the inhaler and either chewing the paper or "drinking" it in beer or soft drinks which they later consumed. Medical sources said this produced an exhilarated feeling or stimulation somewhat similar to a narcotic.

The Roodhouse Shakespearean club will meet Tuesday evening in the basement of the Church of Christ at 7 p.m. to conclude the reading of "A Midsummer Night's Dream."

Prince Phillip To Go Into Active Duty In Navy

London, Aug. 4.—(P)—Prince Phillip, the Duke of Edinburgh, is leaving the royal family in the fall to carry on toward his goal of becoming a seadog admiral of his future queen's navy.

He has the consent of King George VI to go back to sea in the Mountbatten tradition for a tour of active duty that could last two years.

Unlike commoner wives of royal navy personnel, Princess Elizabeth can't go along with his station with the Mediterranean destroyer force. She and the infant Prince Charles will remain at Clarence House, London, to carry out obligations of heirs-in-line for the throne.

Elizabeth is making public appearances that normally would be done by the king, who has been ailing.

The 28-year-old royal consort, nephew of the Duke-Admiral Earl Mountbatten, asked and got permission of the king and the admiral.

QUARTETTES TO GIVE TWO HOUR PROGRAM

The Jacksonville chapter of the Society for the Preservation and Encouragement of Barber Shop Singing Quartettes of America, Inc., will present a two hour program at the Bluff's Legion picnic on Saturday night at 8. About 30 members will attend.

The program will consist of the following: eight quartettes, two of which are from Jacksonville, and six from the local vicinity.

Featured on the program will be soloists Jeanie Myers and Betty Anderson, and the Philantena trio of Jacksonville.

Passavant Hospital Building Progresses

By The Feature Editor
Though construction of the \$2,100,000 Passavant hospital is not making headlines every day, activity behind the scenes goes on.

The campaign to raise an additional \$400,000 to add to \$300,000 raised in a previous campaign over the energy of the Board of Trustees of the hospital, headed by Milton Range, has been turned into other outlets. Though some of these outlets have to do with small details of construction, their import on the finished hospital will be considerable.

Committee Selected
For example, a Citizens' Area Building Committee has been selected by the Board of Trustees to recommend changes in building plans.

One of its concrete suggestions has been the inclusion of a hospital vault in which to keep money. The distance of local banks from the hospital site on route 104, outside the city limits, had been overlooked in initial plans.

Lee Sullivan, president of Eli Bridge company, heads this committee. He stated Thursday that the original hospital layout, designed by Edgar Martin of Chicago, remains basically unchanged. The committee's function is to implement this plan.

Prominent Members Represented
Represented on the committee are prominent members of the community which the hospital will serve. This community includes, roughly, a 20 mile radius around Jacksonville. Those who think the middle-west sparsely populated will be surprised to learn that over 58,000 people live in the hospital's territory.

Doctors are having their say so on the hospital plan too. Specialists in all fields inform the committee, and the board of trustees, of equipment and room design which will help make this hospital as efficient as possible.

Right now construction is being held up pending state and federal government approval of the plans. Both governments contributed \$700,000 and hence, their approval is mandatory. Approval is expected in the near future.

Construction Has Begun
Initial construction of sewer and water connections has already begun. Connections with the city sewer system have been made at Webster and Walnut and with the city water system at Caldwell and Walnut.

Caldwell Construction company is doing this work. Plans for the hospital systems were drawn by Casler and Stapleton engineering firm.

The men who are busy with the task of getting the hospital built hope that construction will begin before the end of 1949. But they also know that the job of building a hospital is one which requires day to day hard work, and work which does not make headlines in the newspapers.

Roodhouse Rotary Club Hold Supper Wednesday Eve

Roodhouse—The local Rotary club held a fish fry Wednesday evening at the home of J. Lee Hopkins. Dr. Frank Veith, Guy Wolfe, and Dr. Hopkins were in charge of arrangements.

Guests of the club were George Carpenter and Carmen Potter of Jacksonville, and Ned Hopkins of Roodhouse.

The Roodhouse Shakespearean club will meet Tuesday evening in the basement of the Church of Christ at 7 p.m. to conclude the reading of "A Midsummer Night's Dream."
